Sinclair Corp. is a great example of how Big Media is suffocating journalism and democracy itself when it orders all 62 stations owned by them to run "Stolen Honor", which is nothing more than a political ad.

By doing this they are using free public airways to promote a one-sided political view. This, in my opinion is not serving the public interest and are harmful of our democracy.

I feel very deeply that the FCC should not permit this program to be aired. By doing so, this type of broadcasting will only continue and escalate until it becomes out of control.
